VERSAILLES TREATY HELD IMPRACTICABLE

LONDON, Jan. 19. The details of the treaty of Versailles cannot be carried out," declared former Premier Asquith in a speech this afternoon.

"It is not a question of clemency towards Germany. But it must be realized that the nations are interdependent industrially."

The ex-premier's speech was made just as newspapers were appearing on the street with Premier Poincare's speech in the French chamber of deputies in which he declared that Germany must carry out the Versailles treaty to the letter.

FORD FREELY TALKS ABOUT SHOALS SALE

There has been a good deal of speculation as to just why Henry Ford made his visit to Elyria and all sorts of rumors have been in circulation.

J. H. Simpson, of the Ford Sales Co. whose guest Mr. Ford was while he was here had an interesting talk with him during lunch.

Mr. Simpson states that the conversation was chiefly regarding Muscle Shoals and the Lincoln Motor.

"Mr. Ford," said Mr. Simpson, "is enthusiastic over the Muscle Shoals proposition. He had just come from Washington where he had been in conference with War Secretary Weeks regarding drafting a contract between himself and the government on the purchase of the nitrate plant at Muscle Shoals. He is hopeful that when this contract is presented to congress it will be accepted and then he can go ahead with his plans. He sees great possibilities in this wonderful plant, but he did not say just what he expected to do with it if he secured control.

"Mr. Ford also talked Lincoln motors. He made the trip from Washington in a Lincoln car and was well pleased with its performance. He did not say just what his plans were in regard to this motor, but I got the impression that he would be back of it, and would make it a leader in the automobile industry."

"Did he say anything regarding the Willys Overland plant in this city?"

"No, he said nothing regarding it. Our time was limited and the question did not come up. Mr. Ford was in high spirits however and was ready to talk on most any subject. He is not always that way but was especially happy while here."

SPOILED APPETITE HURTS CHILDREN IN U. S., SAYS EXPERT

Dr. Clemens Pirquet.

Dr. Clemens Pirquet, noted Austrian authority on children's diseases, is now in the United States to help Austria repay the debt of gratitude for America's aid during the war. He says that many American children are undernourished because of spoiled appetites, the result of too much choice of foodstuffs.

SON WHO SLAPS MOTHER KILLED BY HIS FATHER

CLEVELAND, Jan. 19—Thomas Maple, 22, was shot and killed this morning, and his stepfather, Frank Newberry, is held under a charge of first degree murder in connection with the killing. The killing is said to have resulted from Maple slapping his mother, when the latter refused to permit a young woman whom he had brought to their home to remain for the night.

Shortly after midnight, Maple is said to have entered his mother's home with the girl, Ethel Schwyer, and said to his mother:

"I want you to make a place for Ethel to stay all night."

The mother answered, according to the police version, that she had no place for the girl to sleep, and that she had better go home.

Infuriated, young Maple is reported to have slapped his mother. His stepfather, asleep in an adjoining room, was aroused by the quarrel, and rushed into the room and grappled with his stepson.

The two fought for some time, when suddenly, police say, two shots came in rapid succession, and Maple fell to the floor. A revolver was later found on the floor of the room.

Newberry is reported to have told police "I fired the shot but the boy had the gun. He hit me with it first, and when I was able to get it out of his hand, I shot him. It was the only thing I could do."

Newberry has a slight flesh wound in the arm.

"I couldn't stand it to see my wife abused by the boy," Newberry said in telling his story.

He has been married for about a year.

French Demand

(Continued from Page One)

12.—Reduction of the term of military service.

13.—Enforcement of complete disarmament of Germany.

14.—Proposal to reach an agreement with Great Britain and Italy to prevent a renewal of warfare between the Greeks and Turkish nationalists in Asia Minor.

15.—Recognition of Angora peace (Angora being the seat of the Turkish nationalist government).

Assurances were given that the government would be conducted economically.

There was a tense and dramatic moment when the premier faced his friends and political foe in the chamber. Stormy scenes appeared certain, but the adherents of the premier were positive that he would receive an overwhelming vote of confidence.

"All our efforts to save the French financial situation will fail unless Germany executes all the obligations she has taken to replace the damage she did," said the premier.

"It is easy to locate source of the shameful propaganda misrepresenting France's intentions and her attitude as imperialistic. It is madness to accuse us of nurturing secretly, suspicious aims as if the war had not inflicted enough widows and sacrifices.

"Germany is systematically wasting her resources while she pretends she is insolvent. Germany is less taxed than France. Germany does not collect taxes, but prints money, thus depreciating currency in favor of exportations. She permits industrialists to invest in foreign enterprises and organizes mock misery. Her corporations pay enormous dividends. Her factories are working at full capacity and increasing daily. If the government is ruined the nation is becoming richer. But it is the entire nation that is the guarantor of the treaty of Versailles.

"It is unnecessary to add that we will attempt to conserve the friendliest relations with all peoples that fought by our side for humanity, especially the United States, whose cooperation so much contributed to the common victory and who has just given at the Washington conference brilliant proofs of her noble sentiments."

CHARGES YANKS WERE DROWNED

WASHINGTON, Jan. 19.—Two American soldiers died in France from the effects of being held under cold water by military police of the A. E. F., as punishment for coming into camp late at night, according to testimony given today before the senatorial committee investigating charges of Senator "Tom" Watson of Georgia.

The witness was James Elliott, doctor and lawyer of Newark, N. J., who told the committee that the incident which he described took place at Savenay, France, in the summer of 1918. The soldiers, according to Elliott, were named Craig and Jones.

Soldiers Filing Discharge Papers

County Recorder Frank Irish reports that there have been about two hundred soldiers' discharge papers left at his office to be recorded. This was brought about largely by the soldiers' bonus act, and becomes a matter of official record in Lorain county books

It is a good plan for the discharge papers to be recorded As the years go by they may be lost or mislaid, and if occasion requires a certified copy can be obtained from the records on file This plan is being carried out throughout this and other states and a good deal of trouble can be averted in this way Otherwise the war department would have to be applied to and considerable delay would ensue

What Do You Mean 'HARD UP' ?

Did you tell the Campaign Worker who called on you that you were hard up this year? That is no doubt true as compared with other recent years but---

Is your family starving? Are you begging alms from door to door? Have you had to give up all the luxuries of life and even some of the bare necessities?

No, not exactly that, you say, but feel poor. Poor---You! You don't know the feel of poverty. You don't need sympathy ---YOU NEED TO GIVE SYMPATHY.

No, No Scolding

This isn't intended to scold you---but it didn't hurt you a bit (did it?) to be told how well off you are, compared with the people whom the Community Fund has to help.

It isn't for a moment suggested that you are using these hard times as an alibi for your failure to contribute. You know, of course, that giving up some pleasure because times are hard, and going without food and a fire in the house because times are hard are two things as different as--as---

Well, say as different as your dinner today is different from the bread and soup of the very poor.

You're Entitled To Luxuries

And it isn't claimed for a minute, either, that you aren't entitled to your pleasures---pleasures that cost you enough money to actually save lives. You ought to realize, though, that at a time like this starvation is very, very close to many people, right here in Elyria; if it weren't for the Community Fund, some men and women and children now alive might very well have died, last year and this, from lack of nourishment, and neglect, and unattended illness.

You're entitled to your recreations and your luxuries and your pleasures---provided you have done or will do your part toward filling the Chest. If you don't do your part, how can you enjoy your luxuries---knowing that you have refused? How can you!

The Chest Is Far From Full

There is real danger that the chest may not be filled—unless **everybody gives immediately.**

It will take many small contributions to make up the big amount still lacking — and practically all the big gifts that can be expected are in. Gifts of ten dollars and five dollars and one dollar are needed—gifts, too, of a dime and a quarter. Don't withhold your contribution because you think it is small and won't help and isn't needed; whatever you do, **don't do that!** Give all you can afford to—give according to your means—but give quickly and unselfishly, that this big work of mercy may go on.

Our Goal Is $80,000 Shall We Count You In?

PITTSFIELD

PITTSFIELD Jan 19 One of the most beautiful social events of the season was the golden wedding anniversary of Mr and Mrs Harvey Norton which was held at the home of their son and daughter Mr and Mrs Glynn Norton on Monday, January 16, 1922

The house was filled to its capacity and from 11 a m until 4 p m all present seemed to enjoy every minute of the time The home was beautifully decorated with white and gold and these colors predominated even in the bounteous dinner which was served After dinner a beautiful dinner set of Bavarian china was presented to the bride and groom by Rev E G Evans pastor of the Pittsfield church The presentation speech was short and mirthful and was responded to very touchingly by both Mr and Mrs Norton.

About the most laugh provoking event was the posing of the bride and groom and a number of their intimate friends for pictures which were taken by their niece, Mrs Reed Ives.

At the hour of four the guests began to prepare for departure and with wishes that they might be permitted to attend and help celebrate the diamond wedding of Mr. and Mrs Norton, they left this happy pair Those present were Mr and Mrs. E S. Johnson of New York City; Mrs Madge Jordan, Miss Doris Jordan, of Elyria, Mr and Mrs. Chas Avery Mrs. Abbie Coates of Oberlin, Mr and Mrs. Clyde Bartlett and two sons, Edwin and Mark of North Russia, Mrs. Chas. WORN-OUT TIRED WOMEN

Mrs. Trotter Says She Recovered Her Strength and Vitality by Taking Vinol

Mrs. E. Trotter

Toronto, Ont —"I was weak, run-down and nervous I had dizzy spells and no ambition to do anything I saw Vinol advertised and tried it. In about one week I felt better, and it built me up and restored my strength I want to recommend Vinol to other women who are, weak, nervous and run-down." Mrs. E. Trotter, 15 Wardell St, Toronto

There are hundreds of women in this vicinity who are in just such a condition as Mrs Trotter was before she took Vinol If such women would only realize that in a natural manner Vinol creates a hearty appetite, aids digestion, makes rich, red blood quickens the circulation, and strengthens every organ and muscle of the body we would not be able to supply the demand $1.00 per bottle, guaranteed C W Phillips druggist Elyria — Advt

DANGER OF JUST LETTING A COLD RUN ITS COURSE

Common Coughs and Colds that Hang on Persistently Are Apt to Lead to Serious Complications, Declare Authorities.

Public Warned to Beware of a Three Days' Cough and Break It Up Before It's Too Late, by Taking Kurokol, the New Scientific Discovery.

Money Refunded in Every Instance Where Kurokol Fails to Bring Relief.

Leading authorities are using every effort to arouse the public to danger of letting common colds just run their course, for it is now definitely known that many serious lung complications such as pneumonia, grippe, etc, are the direct result of colds that hang on persistently

Colds are curable and preventable and it is a duty everyone owes himself as well as his neighbors to break up any cold they may contract, before some serious disease gets him in its clutches It is pointed out that a three days cough is nature s warning and the time for immediate action has arrived

Of all the cough and cold remedies, Kurokol the new scientific treatment, which has been accomplishing such remarkable results all over the United States and Canada, probably provides the safest surest and quickest, as well as the most practical treatment for colds yet discovered

According to the statements of thousands who have used it Kurokol is almost magical in its effect The first dose usually stops the tendency to sneezing and coughing and relieves the feeling of discomfort, and the second and third doses usually suffice to stop the progress of a cold altogether

The wonderful efficiency of Kurokol in breaking up a cold is best shown by the fact that all druggists are instructed to refund money in any case where it fails to give satisfactory results after three doses have been taken – Advt

RAINY NIGHT, BUT GOOD SERVICE AT THE BAPTIST REVIVAL

The slippery streets and the moisture did not hinder the interest at the special meetings now in progress at the First Baptist church There were many who expressed themselves as most happy in the service and the word was passed about that the pastor had brought his best message to the smaller crowd

The theme of the night revolved around three points

1—God s Judgments upon Pharaoh

2—The Magicians of Egypt

3—The preacher finally drew forth Pharaoh s four subtle propositions

a—Worship God in the land
b—Go not very far away
c Go now ye that are men
d—Let your flocks and herds be stayed

The metric system is now in use all over Europe with the exception of Russia and Great Britain

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes, —Most Women Can Have

Says Dr Edwards, a Well-Known Ohio Physician

Dr F.M Edwards for 17 years treated scores of women for liver and bowel ailments During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr Edwards' Olive Tablets. You will know them by their olive color

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr Edwards' Olive Tablets—the successful substitute for calomel—now and then ... them fit 15c and 30c.

GALAXY OF ROYALTY TO GLITTER AT MARY'S WEDDING

The seven queen-matrons of honor. Above, left to right, are: Queen Victoria of Spain, Queen Alexandrine of Denmark, Queen Helena of Italy and Queen Victoria of Sweden. Below: Queen Elizabeth of Belgium, Queen Maud of Norway and Queen Marie of Roumania.

A galaxy of royalty will glitter at the nuptials of Princess Mary and Viscount Lascelles. True to tradition, the selection of the matrons of honor was made from among the royal houses of Europe, and London looks forward to the most gorgeous display of medieval pageantry seen since the days before the war. The seven queens who will act as matrons of honor at the wedding are Victoria of Spain, Elizabeth of Belgium, Maud of Norway, Alexandrine of Denmark, Elena of Italy, Marie of Roumania and Victoria of Sweden.

IMPRESSIVE SERMON ON HORROR OF SIN

Notwithstanding the unfavorable weather there was a good crowd in attendance at the Methodist Episcopal Church last night. And all engaged heartily in the services. The singing was unusually good. For all sang with the spirit. The sermon dealt with the exceeding sinfulness of sin. This awful truth was set forth without any reservation. The awfulness of sin was shown in its influence and consequences on the whole of man—the physical, intellectual, moral and spiritual natures. And although the intellectual and moral may not be visible as is the physical it is even more real. For sin works Death. And how awful is death. And it is sin that disfigures, deforms and corrupts the entire manhood. Again, sin's awfulness is seen in God's judgments against it; in its deadly deceitfulness; and in its final consummation—God-abandonment.

Tonight the subject is, "Sin's Culmination" and tomorrow night, "Sin Must Be Punished." These sermons go to the root of the trouble with the world—its loss of the sense of sin. There is a solo every night by Mr. Vickers who is singing the Gospel with great effect. And also remember the prayer meeting at 7:00 o'clock.

BAKER-ROBINSON NUPTIALS.

Miss Irene Robinson, daughter of Mr. and Mrs. Samuel Robinson, of Middle avenue, and Fred Baker, son of Mr. and Mrs. Fred Baker, Sr., were united in marriage at the home of the bride's parents at 8 o'clock last evening. HOSPITAL NOTES

Admission—Mrs. Mary Bowlies, Ashtabula; Genevieve Howell, Bucyrus.

Discharged—Frank Park Penfield.

The term "spinster" applied to an unmarried woman is an actual reference to the spinning wheel. In olden times women were prohibited from marrying until they had spun a full set of bed furnishings. Thus, before their marriage, they spent much time at the spinning wheel and were, therefore, known as spinsters.

Has He Found a Cure for Asthma?

Simple Prescription Gives Instant Relief. Makes Breathing Easy

In New England, where Bronchial Asthma, Bronchitis and other diseases of the throat and lungs are so prevalent, remarkably successful results are being reported following the use of a new form of treatment known as Oxidaze, a physician's prescription.

Oxidaze is a harmless but powerful combination of curative essential oils concentrated and compressed into a small tablet. One of these tablets slowly dissolved before going to bed seems to have the effect of relaxing the muscular constriction of the bronchial tubes, opening up the air passages and regulating spasmodic lung action. This enables the patient to breathe easily and naturally while lying down and to get a comfortable night's sleep.

So much interest has been shown that local druggists, including C. W. Phillips, have secured a small supply and state that they are authorized to refund the money paid for the first package if in any case this new treatment fails to give relief. Oxidaze is pleasant to take, contains no harmful, habit forming drugs and is not expensive. This makes their test an easy matter.—Advt.

Kenyon at Oberlin.

INDUSTRIAL LEAGUE BASKETBALL RESULTS

Two games were played at the Y floor last night in the Industrial league.

The General Phonograph took the first game 11 to 3 from the Western Automatics. There was considerable loose playing on both sides. A large crowd was present and interest in the games is growing.

The closing game between the Columbia Steel and the Enamel Products was won by the steel men 19 to 12, putting them in the lead in the league. Buckley scored enough points by himself for his team to win.

OBERLIN PLAYS CRUCIAL GAME WITH BELLEVUE

OBERLIN, JAN. 19.—One of the most important contests of the Little Seven League will be staged at Warner Gym Friday evening when Oberlin high meets Bellevue high. Both teams have won two games, Bellevue defeating Elyria and Sandusky while Oberlin has taken the measure of Sandusky and Fremont. One or the other of the "League Leaders" must fall in Friday's battle.

The work of Posey Farrar little forward star on the Oberlin quintet has been sensational this season. He was given a big write up in both the Bellevue and Fremont papers for his work in last Saturday's contest when he scored eleven of his team's thirteen points against Fremont. The Friday before he scored eighteen out of twenty-four points against Sandusky. Bellevue will have to stop this fast going forward if they expect to win Friday.

On the other hand, Oberlin will have its trouble trying to stop Epps long and lanky center of the Bellevue quintet. This youngster has been laying the leather thru the basket regularly this season. Friday he caged five against Sandusky. It looks as if the local fans will be treated to a real battle Friday if both teams play up to their forcasted reputations.

Business College Plays Marshall Law School

The Oberlin Business College will play immediately after the high school fray Friday evening. They are taking on the Marshall Law School of Cleveland, a fast aggregation of players. The Business College has been successful so far this season having won two games and lost none.

CITY CAGE LEAGUE RESULTS LAST NIGHT

In the City Basketball league, the high school faculty team won from the Business college five last night on the Y floor, by a score of 27 to 11. Keller starred for the Faculty, making 11 of the 25 points, and Belden played the best game for the business college.

The second game between the Newark Shoes and the American Legion was a fast and snappy game won by the Legion by a score of 20 to 19. During the last four minutes they only had four players on the floor due to one man being eliminated by the personal foul route, but they won in spite of that handicap.

KENYON PLAYS OBERLIN ON SATURDAY

R. S. Stephan

OBERLIN, Jan. 19.—Coach L. E. Keller was far from satisfied with the Crimson and Gold showing at Reserve last Saturday evening. Varsity played ragged basketball in comparison with their practice work outs with the result that such places on the quintet are at a premium. Oberlin's defeat at the hands of Reserve is attributed to poor team work and foul shooting. Wheeler, captain of the Crimson and Gold squad netted only four free throws out of a possible twelve, the poorest record he has made all season.

The squad's stock took a big boost last evening with the appearance of Harold Wood, last year's center and this year's star football half, in Varsity uniform. Wood started late last season and played sensational basketball during the latter half of the season. This year he expected to stay away from basketball altogether in order to put more time on his work, but with Dyck failing to show the form expected of him at the pivot position the big center is again donning his fighting togs that he may help the team. He showed up well in scrimmage last evening.

The work of Bill Nye, a last year's letter man who did not get his basket eye during the earlier part of the present season has been very favorable during the last two or three practices and he is expected to give Sheffield and Jones a stiff run for the forward position opposite Captain Wheeler.

This week the squad plays Kenyon at Oberlin. Kenyon is practically a stranger on the Crimson and Gold floor, not having played here for a number of years. A hard battle is anticipated. The game begins at seventhirty, Saturday evening. Varsity will probably line up as follows: Wheeler, Nye or Jones, forwards; Wood or Bowen, center; Marvin and Winters, guards.

American Legion Lose to Standards

The American Legion bowlers lost two games to the Standard Oil outfit last night at the Gala alleys. The Standards won the deciding game by two pins. On the totals the Legion team won by two pins, making it the closest series yet played.

Burlesque Show At Rialto Friday

Frank Damsel, known as one of the most accomplished of burlesque producers, will present his "Pacemakers" company at the Rialto theater, Friday night, January 20 and the management takes this opportunity of saying that it considers it one of the biggest and best on the boards and will introduce girls who can sing, dance and make merry.

The book is particularly good and is entitled "The Rum Runners," which is a "rease" of joy with several "quarts" of jollity on the side. It is cleverly written and as presented by this cast is sure to meet with instant favor. Mr. Damsel has a prominent part in the cast and he has surrounded himself with a clever corps of assistants selected for their ability along their various lines. Frances Farr, who is well remembered as one of the cleverest girls in burlesque will renew

WAR TORTURED STOMACH FREED FROM MISERY

Wounded Overseas Man Gets Great Relief with Jaques' Wonder Capsules.

"For three years and five months of the World War I wore the khaki of an infantryman. Through the hell of Ypres, St. Eloi, Arras, the Somme, Amiens and Paschendale we trudged through the mire. The mud and the slush and the constant shelling took their toll of the men's morale, but even worse than that were the cold rations, or none.

"I suffered from stomach trouble as others did, without aid, but wounded at St. Eloi, in the spring of 1916; then came the Red Cross hospital in England. Again I was called me back into the shell swept areas of Belgium, broken in constitution, but able to carry a rifle. Gradually starving, yet carrying on as other did, down to a weight of about 110 pounds, until one day the enemy shell got me again—Blighty, England, for me.

"Days in the hospital. Then before a medical board, ordered back to Canada, and there discharged, medically unfit. During all these months of careful medical treatment every effort was made to restore my appetite and train my stomach to digest food, but without success.

"I returned to my home in Syracuse, N. Y., shattered in health, unable to digest my food and altogether despondent. In 1919 my work took me to Plattsburg, N. Y., where I became acquainted with Jaques' Little Wonder Capsules. I took the capsules and I am today free from the constant misery I had my stomach.

"Through my love of the old uniform I do not feel that I can have my name published, but if anyone interested will drop a line to the Jaques Capsule Co., Plattsburg, N. Y., they will be given my name and address."

"AMERICAN CIVILIZATION" MINUS RELIGION

A group of young intellectuals has recently published a book on our "American Civilization." It was not a hurried piece of work. They sat together, talked over the various subjects treated in the symposium, and after due deliberation and discussion, they sent forth the book.

On the whole it is a very interesting and instructive book. From it one may learn a great deal about every department of our American life and activity. Politics, education, the theater, literature, colleges, and a dozen more of other subjects are very intelligently discussed.

But somehow these young intellectuals never recognized that there was such a thing as religion in American life. Even if they did not approve the religion of our American life, they might at least have recognized its obstructiveness in American society.

The organized institutions of religion may have some sins to answer for. Many of them have been behind the times, and against progress. Some of them have magnified trifles and minimized or blinked essentials. But they have had some part, to say the least, in our American life. The churches did most in putting over the eighteenth amendment. The church did put forth a report on the steel situation, which at least arrested national attention, and brought about reforms. Some of its leaders have been marked men in the movements of the nation.

Perhaps these clever young intellectuals have not gone to church very much. If not, they should at least have wondered what was the significance of so many stone buildings on prominent street corners in every town and city. And if they had been around on Sunday mornings and seen the people going in and coming out of all these buildings, they might at least have inquired what it all meant.

Intellectual youth has always been sophisticated. Let us hope that this particular group will find a little further on that there is such a thing as religion in American life.

WHAT IS THE REAL FRANCE?

The uncompromising imperialist, Poincare, has stepped into the place of power in France. If France continues her obstructionist tactics in Europe she will be riding for a fall.

The relations between France and Great Britain have been very tense at times recently. The French government is seeing things. Some of the people are hysterical. The speech of Briand before the Washington conference was undoubtedly made primarily for French consumption. His withdrawal from the conference of the Supreme Council at Cannes, his resignation as premier, and the appointment of Poincare, indicates an attitude of the French people.

Now the report comes that France will not join in the conference for the economic construction of Europe which has been called by the Supreme Council for March in Genoa because Russia and Germany have been invited to sit at the conference.

Europe can never be re-constructed with over two hundred million people left out. We may not like some of our neighbors, but they are here; and we must reckon with them somehow.

There are some people who are like the man who went to the circus with his wife for the first time, and saw the giraffe. Looking at the strange looking beast, he turned to his wife and said, "Nell, I don't believe it." Russia and Germany are in Europe. Whether we like their government and their people or not, we shall have ideal with them.

If France continues her present policy she will find herself isolated from all the other nations. In that she will need the big standing army and the large of battleships and submarines for which she has seeking authorization from the Washington con-

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry, avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat, and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine, the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by eliminating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism.—Adv.

A few more days as cold as this week has been—and the ladies will start wearing their new spring hats.

Style reports seem to indicate that goloshes are doomed, in their stead, you'll see them wearing little Russian boots. Don't know what they cost but the new designs in silk stockings will prevent their coming very high.

Earl Bell had to make all the reports for Simpson's team at the meetings of the Chest Committee. Henry Andress has not missed a meeting, but says he's getting tired of being on the job every noon, while Simpson calls on his Cadillac prospects and sells them flivvers.

They gave away a dog yesterday as an attendance prize they had to send to Cleveland for him, then the conductor wouldn't let them bring it on the street car and they had to send a special machine after him. Jim Thomas won the dog and he's going to call him "Subscription," because he was so hard to get.

Chief Stankard made 'em a good proposition yesterday. He said "The City Hall team will be high tomorrow, or I'll give my badge to the captain of any team that beats us." Now everybody's for "Chief" but if he loses I hope Jake Murbach wins, but there's no chance. "You can't fool a policeman."

Leonard Tufford tells about "one of the finest" named Lloyd Sweet—Sweet figured he'd start the new year right by being on time every morning, so he made arrangements with a telephone operator to call him every morning. It was a fine idea and would have worked fine if the operator hadn't made a mistake and called Ralph Osborn instead of Officer Sweet.

There was an auto accident yesterday down in front of the postoffice. Johnnie Albers of Albers Villa was coming around the corner of East avenue and collided with a Ford truck loaded with cattle. Fortunately no one was hurt, but Bob Rice told me the impact was so great that Albers "threw the bull" over in front of the postoffice.

I'd like to hang the "sign hanger."

Dear Jim: We've heard you tell "How you lit up Elyria," and maybe you have, but yesterday we were passing Joe Boddy's restaurant and noticed the new sign you put up. It's a fine sign, but you hung it so low that it's impossible to lower the awning. He'll have to leave the awning up or take the sign down.

Very truly yours,
Jude Jones and H. H. Harrington.
